ATS and 10 port PDU in-one

*Rackmount 1U Compact Design*

# ATS2250

"...power alliance..."

DESCRIPTION

The AETES Rack ATS2250 is a Mono Phase Dual Input Rackmount ATS+PDU.
This is an effective solution that builds in redundancy and increases
the AC power availability of connected equipment. If the dual input power
is fed through two independent AC sources, then the system availability is
increased and the dual input advantages are fully used.The AETES Rack
ATS2250 provides 10 outlets that distribute redundant AC power and
may be rackmount. Energy information including Voltage, Current and kWh.
